**MISSION:** Ravenswood Family Health Center at Belle Haven is a nonprofit medical clinic that offers primary health care services to people of all ages living in South San Mateo County, regardless of ability to pay. We welcome persons with Medi-Cal, Healthy Families, Healthy Kids, Medicare, San Mateo County WELL Program, as well as those who have no insurance and who are low income.

As a multi-cultural community health center, our goal is to provide excellent health services and to eliminate cultural and language barriers to health by providing multilingual medical staff and health education services.

Services are not free, but we will assist you in applying for public insurance programs (Healthy Families, Healthy Kids, Medi-Cal or Family PACT).

If you do not qualify for any of the above programs, you may apply for a discount that is based on your income and family size. Minimum cost for health services, \$20 per visit, up to a total amount of \$250 per year.

**Address: 100 Terminal Avenue  
Belle Haven in Menlo Park**
